

***** TRAFFIC ADVISORY *****

Work on I-77 Express Lanes Cut and Cover Underpass to Occur Saturday, December 10

Motorists encouraged to be aware, drive safely in work zone

Charlotte, N.C. (December 9, 2016) – Motorists can expect a brief slowing of the traffic flow early Saturday morning, December 10, near the I-77/I-85 interchange to allow crews to safely blast the first portion of a new cut and cover underpass to be constructed as part of the I-77 Express Lanes. During this time, ramps leading to this portion of I-77 will be temporarily closed. Drivers may consider using alternate routes, including I-85 northbound and southbound. Law enforcement will be on hand to assist with traffic.

WHAT: Brief slowing of traffic flow associated with I-77 Express Lanes construction on I-77 northbound, just north of the I-85/I-77 interchange.

WHEN: Saturday, December 10 from 6:00 a.m. to 9:00 a.m. Weather permitting.

Motorists are encouraged to pay attention when approaching the work zone, obey the posted speed limit and work zone signs, and allow extra time to reach their destinations safely. For the most up to date information about the project, we encourage people to sign up for our e-newsletter and follow us on social media, using the following:
